

## LHM-SA Weekly Highlights

14<sup>th</sup> April 2008

We are most thankful to God for sending Marion Gordon to us to help us with all the admin and reception duties. Thank you, Marion, for making yourself available and for your friendly smile! We wouldn't have made it without you.

Andre Moiane (trial-awating) was released and visited us at the office. He is from Mozambique and Portuguese speaking, and wants to translate our Bible Studies into Portuguese in order to use them back in Mozambique!

We received a call from Mr Kameya, a participant of the Botswana ETS workshop. He shared with us how the Lutheran congregation in Dukwi has grown. He wants us to come and present an ETS Workshop in Sept/Oct!

21<sup>st</sup> April 2008

We had an ETS workshop in Shongweni where 13 participants worked hard and responded very positively to the teachings. They all went out on the Practical Outreach and invited more than 50 families to the Sunday church service. Most of the ETS workshop was presented in the Zulu language and we thank Mr Erwin Wortmann for presenting Module 5. Mr Wortmann had also participated in the ETS workshop in Phoenix in August 2007. On Sunday the participants all worked as

Visitors who attended Church

“Greeters” and the 22 Visitors even came forward to be welcomed. **Londeka Ngcobo**, one of the ETS participants, had also attended the ETS workshop in Phoenix and since then she has invited many of her unchurched friends to church – some of whom were baptized on Sunday, and also confirmed with her. Two ladies have also volunteered to become Sunday school teachers, and teach music (praise and worship). Pastor Majola gave Desmond the opportunity to install them in their respective positions – John 21:15-18. “Tend to my sheep”.

28<sup>th</sup> April 2008

Royce Makonye, ETS Volunteer in Kwekwe, Zimbabwe, travelled to our office for a film production of his work reaching out to the lost in his community – under very difficult circumstances. The film will be shown at the ILLL Convention in Lexington, Texas, in July 2008.
